GREEN OPEN HOMES B&NES

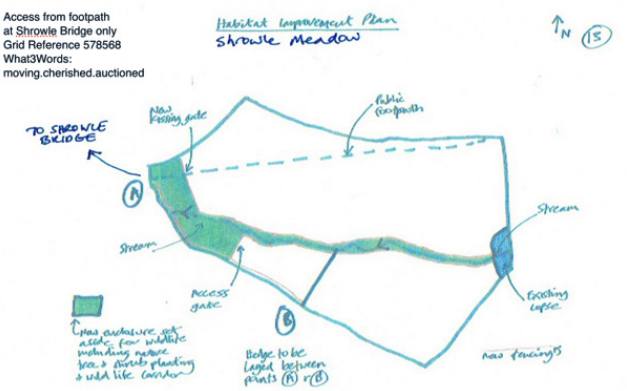
Small holding, East Harptree.

Name :
Nigel Somerfield

Address:
Small holding: OS grid reference 578568
what3words: ***moving.cherished.auctioned***

Green Credentials:
– Biodiverse meadow

Context:
We have a smallholding that we are trying to manage to promote biodiversity. We received funding from DEFRA via the Mendip AONB Farming in Protected Landscapes Scheme. We have segregated a small part of our land in the interests of enhanced biodiversity. Plus we have about 4 acres of developing wild flower meadow.
Both are accessible from the public footpath at Shrowle Bridge, although there is no parking in the area. It is a 10 minute walk from the Pavilion car park, there is no parking at or near the site.

We are happy to allow access but visitors need to keep to the field margin in the meadow and please do not bring dogs (no exceptions).


Opening:
Open all day by access from the public footpath.
No booking required.
