

St Michaels Church House, East Harptree.

Name :

Daisy Thompson

Address:

St Michaels Church House, Townsend
East Harptree, Bristol BS40 6BH
what3words: *flats.conqueror.nurses*

Green Credentials:

- Solar panels
- Air Source Heat Pump
- Period home
- Bio diverse garden

Context:

3 bedroom church building. Originally built around 1900 and converted around 2010. Addition of modern wood and slate-clad conversion (one bedroom and one living area) constructed 2023.

Research led to conversations with the heat pump and solar panel companies and friends and acquaintances who had made similar changes. We used a thermal camera to identify drafts and places that were coldest and discovered that this was around doors and windows but not external walls even though they had no insulation.

Opening:

3pm-5pm drop in.
